Why is it that the majority of sat.e Americans turn themselves into blithering idiots when their friends get married? Way is that a newly married couple should be considered legitimate prey of all the banal practical jokes their silly associates can imagine? The tice and shoe throwing is insane enough in itself, but the riotous suffianism of the charivari int un adulterated barbarism. Recently in New Jersey a tortured bridegroom used a rifle upon a crowd of idiots who were serenading him and his tride. The bullet found its mark in the leg of one of the idiots and a court has found that the shooting was practically justifiable. It is a hint to the newly married. The trousseau of all brides should in the future in clude automatic revolvers and shotguns, and the bridegroom should pack a rifle to the bridal altar. Thus far Gov. Wilson has said nothing except to challenge the truthfuiness of Col. Watterson and treat lightly and in somewhat scornful way everything connected with the incident.

Col. Watterson is restrained from making public the proof which he offered to place before five disinterested men touching the veracity of the candidate from New Jersey, but the biting scorn with which he treats the attitude of Gov. Wilson in the whole matter and the picture he draws of the Governor, who accepting the praise from the un thinking for spurning the support of Harper's Weekly, was secretly written to the editor for torgiveness will not be easily effaced.

The dismissal which he gives to the fessed to live off the im maculate contributions of sub scribers having wings, harps and halos is sufficiently scorching to make the Literary Bureau heed the sugg .stion made in our columns published.

Blood Was Wrong

All women, who suffer from the aches and rains, due to female ailments, are urged to try Cardui, the reliable, scientific, tonic remedy, for women. Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine.

Mrs. Jane Callehan suffered from womanly trouble for nearly ten years. In a letter from Whiteville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had backache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic, for women.

Whether seriously sick, or simply weak, try Cardui. Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tean., for Special Instructions, and 64-page book, "Home Treatment for Women," sent free. J 53
